>
>Randy,
>
>Here's the information you requested from Ray Simonetti during your
>recent telephone conversation with him.:
>
>Ray checked with the PA Radio Shop for the information on the output
>power level of the base station and they do not have that information.
>Based  on information from PA staff familiar with the system,  the
>power output of the station was 50W's when purchased.
>
>Thanks
>
>Saroj
